HIGH-SPEED INKJET PAPERS

Run With The Best

As the leading manufacturer of inkjet papers in North America, Glatfelter's unparalleled Pixelle® product portfolio delivers superior performance, exceptional image fidelity and unmatched value.

Increase productivity and profitability with Pixelle – Engineered to meet the demanding needs of your high-speed digital presses with excellent post-processing attributes.

Pixelle High-Speed Inkjet Papers

Pixelle Basic (Untreated)

Dependable, efficient. Suitable for pigment-based and dye-based inkjet systems, as well as laser printing and offset printing.

Pixelle Enhanced (Treated)

Quick-drying, enriched tones. Ideal for high-color graphics, sharp images. Suitable for pigment-based and dye-based inkjet systems, as well as laser printing and offset printing.

Pixelle Book (Untreated & Treated)

Designed to accommodate breakthrough inkjet technologies in the digital book industry.

Pixelle Extra (Coated Lightly)

High color saturation. Enhanced image durability, smooth surface. Suitable for pigment and dye inks.

Pixelle Superior (Coated)

Exceptional quality. Smooth surface, crisp image. Meets USPS requirements.

Pixelle is designed to run on all high-speed inkjet presses.
