Pixelle High-Speed Inkjet Papers

Untreated

Dependable, efficient. Suitable for pigment-based and dye-based inkjet systems, as well as laser printing and offset printing.

Treated

Quick-drying, enriched tones. Ideal for high-color graphics, sharp images. Suitable for pigment-based and dye-based inkjet systems, as well as laser printing and offset printing.

Silk

Unique haptic with wide color gamut. Smooth surface, crisp image. Suitable for pigment-based and dye-based inkjet systems.

Coated

Exceptional quality to create pure and bold images. Ideal for four-color graphic applications. Meets USPS requirements.

Pixelle is designed to run on all high-speed inkjet presses.
